Cohen's Lottery & Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, Sept. 28, 1820.

The third drawing of the Cathedral Lottery took place yesterday—the official list will be found on our fourth page—several important prizes were distributed and the adventurers at COHEN'S OFFICE came in for a full share of them—the great floating capitals are still in the wheel, only seven more drawings remain to complete this splendid scheme and persons not yet supplied are reminded to forward their orders to this office without delay, particularly as there is no risk until the capitals are all drawn, such is the excellent arrangement of the scheme, giving to the adventurer a chance for all the prizes without the possibility of drawing a blank till after the ninth day. The following brilliant independencies are still to be distributed, viz.

1	Capital of	40,000 Dollars.
1	ditto	30,000 Dollars.
1	ditto	20,000 Dollars.
1	ditto	10,000 Dollars.
3	ditto	5,000 Dollars.
1	ditto	4,000 Dollars.
1	ditto	3,000 Dollars.
8	ditto	2,000 Dollars.
25	ditto	1,000 Dollars.

Besides 500's, &c. &c.

The drawing will not be continued till Wednesday after next, in order to allow adventurers at a distance an opportunity of renewing their small prizes and to give a little time for persons not yet supplied to forward their orders.

The next drawn number will be entitled to *Two Thousand Dollars*.

Prompt payment.—The fortunate holder of No. 5987, which came out a capital prize of *One Thousand Dollars* in the Cathedral Lottery yesterday afternoon, this morning presented his ticket at COHEN'S OFFICE, and immediately received the cash—he purchased the ticket at this office in August.

The holders of the other prizes drawn yesterday are informed that the Gold is ready for them on presentation of their tickets at Cohen's Office.

The Notes of all Foreign Banks whose Notes are not at a greater discount in Baltimore than five per cent. will be received at Cohen's Offices at par, in payment for Tickets and Shares in the Cathedral Lottery.—We refer our distant friends to the Rates of Exchange of Bank Bills on the opposite page.—Individuals or Companies who purchase from this Office Tickets or Shares to the amount of Fifty Dollars or upwards, will be furnished with the Gazette gratis, during the continuation of the drawing.

Arrival of the British Minister.

Arrived in Hampton Roads, on Wednesday last, bound to Annapolis, H. B. M. frigate *Spartan*, of 46 guns, commanded by W. F. WISE, Esq. 40 days from Portsmouth, via Madeira, and 24 days from the latter having on board *Stratford Canning*, Esq. the British Minister, and Mr. *Charles Foley Wilmot*, his Secretary. The *Spartan* sailed from Portsmouth the 11th of August, and from Madeira the 27th. The news furnished by her is not of importance. A London paper of the

evening of the 9th is on board, but its contents are said not to be interesting.

Counterfeit imitations of the two dollar notes of the Easton Branch of the Farmers Bank of Maryland are in circulation. Those who are not good judges of notes are requested not to receive any notes of this denomination as their whole appearance is rather *deceptive*.—Gaz.

A letter from Washington City dated 23rd inst. to the Editor of the Gazette says,

"Mr. Smith Thompson, recent Secretary of the Navy, is appointed Collector of the Port of New York, and Mr. Sanford, (senator from that state) is invited to a seat in the cabinet, as Secretary of the Navy—Col. Richard M. Johnson is appointed Post Master General, vice R. J. Meigs, who has been absent in Kentucky for some length of time."

Foreign Summary.

Since our last, by arrivals from Europe, we select the following items of intelligence.

A French ordonnance was issued July 26th, imposing a duty of 90 francs per ton, with the additional 10 per cent. on all vessels of the U. States in French ports in Europe, to take effect upon vessels which left the United States after the 15th June; the date at which the act of Congress of the U. States of May last, was supposed to have been known throughout the United States. Vessels in ballast are not subject to the new duty, and this duty is to cease as soon as the repeal of our duty shall be officially known in France.

Another ordonnance of the same date, grants a premium of 10 francs per 100 killogrammes on Cotton imported from America in French vessels after the 15th of October; and all imported from the U. States before that time in French vessels, which shall have paid the duty of \$18 per ton in our ports.

Advices at Constantinople, announce, that Ali Pacha is treating for the purchase of vessels of war. He offers 100 sequins each for seamen, giving the preference, it is said, to those of North America.—He has appropriated one million sequins to the establishment of a flotilla, and it is his intention to arm a great number of gun-boats, to be used against the heavy Turkish ships.

On the 8th of July, Sir Charles Bagott the new minister to the Court of St. Petersburg, had his first audience, and presented his credentials to the Emperor. On the same day Mr. Campbell, our minister at that court had a private audience.

The Russian Government has addressed a circular to the principal European Courts, expressing in strong terms its disapprobation of the revolution in Spain. After stating the obligation of the monarchs of Europe to prevent revolutions, and the efforts they have made for the purpose, this document proceeds—"But in virtue of his engagements of the (3d) 15th of November, 1818, his Majesty is bound to mark with the most forcible reprobation, the revolutionary measures set in action to give new institutions to Spain."

After expressing a belief that the allies of Russia agree in the sentiments entertained by the Emperor, the latter proceeds—"They have doubtless deplored as he has, the outrage which has recently tarnished the annals of Spain. We repeat it, this outrage is deplorable. It is deplorable for the Peninsula—it is deplorable for Europe—and the Spanish nation now owes the example of an expiatory deed to the people of the two hemispheres. Till this be done, the unhappy object of their disquietude, can only make them fear the contagion of her calamities."

It is proposed that the governments of the five allied powers should represent to the Spanish government, their views in relation to the revolution—their affliction and grief at the events of the 8th of March and those which preceded it—and their opinion that "the salvation of Spain, as well as the welfare of Europe will require, that this crime should be disavowed—this stain effaced—this bad example exterminated."

1025 prizes, amounting to 100,000 Dolls.
3975 blanks.

5000 tickets at \$20 is 100,000 Dolls.

In presenting to the public another Lottery to provide funds for the completion of the WASHINGTON MONUMENT, the managers scarcely deem it necessary to appeal to the patriotism of their fellow citizens for their support and patronage, being well assured of the respect and veneration universally entertained for the illustrious name it bears, and of their ardent desire to see the noble monument, already so far advanced, finished. Were other motives for its encouragement to be sought, they would readily be found in the peculiar nature and novelty of the scheme, by which it will be perceived that the fate of the adventurer is to be determined IN ONE DAY, an advantage too obvious to require recommendation.
